*Logistics for Training (Year 2017)*

*(RAMP/14)*

**CLARIFICATIONS**

**Issued on October 4<sup>th</sup>, 2016**

Following receipt of requests for clarifications, please find the clarifications below:

Q1: Please explain your expectations from the Service Provider with regard to the obligation to present a training plan to be developed together with the General Directorate for Organization and Human Resources, as well as the related reporting obligations (taken into consideration that the Service Provider does not provide the actual training).

*A1: Whenever the bidding documents mention the development of the training plan, this should be understood as the plan for ensuring the logistics for training. Similarly, the Final Report shall include the main findings of the assignment, as well as recommendations for improving such assignments in the future.*

Q2: Please confirm that the monthly reports need just to be submitted and do not require and acceptance from the Employer (since the payments are to be made per activity).

*A2: We confirm that the acceptance of the activities shall constitute the basis for payment.*
