

ROMANIA, NATIONAL AGENCY FOR FISCAL ADMINISTRATION Revenue Administration Modernization Project (RAMP)

Questions and Answers regarding RAMP/CS/12 – Anti-Fraud and Business Intelligence Development - Request for Expressions of Interest:

Question 1: *We would like to express our interest to collaborate with NAFA in developing the Anti-Fraud and Business Intelligence project. In order to prepare our expression of interest we would need you to provide us with more detailed information regarding the technical requirements of this project, the available budget, the Terms of Reference, etc. Can you please send us more available information on this topic?*

Answer Q1: Regarding your request for additional information needed for the preparation of expression of interest in order to participate in the procurement of Anti-Fraud and Business Intelligence Development consultant's services, we are informing you that the only public information at this stage of the procurement procedure is contained in the published document Request for Expressions of Interest. According to the provisions of the Quality and Cost Based Selection (QCBS) procedure, at this stage, only the overall capacity of the Consultant to successfully undertake the tasks of the consultancy assignment is evaluated. Following the evaluation of received Expressions of Interest, NAFA will prepare a short list containing the best qualified Consultants and will send the necessary documents for the preparation of technical and financial offers (technical requirements, terms of reference, etc.) only to those Consultants.

For more information regarding the selection procedure we are inviting you to refer to the World Bank's document "Guidelines Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers", from January 2011, available at the following address:
